BULLETIN OF THE MONTH

Controlling Lawn Weeds With Herbicides
Home and Garden Bulletin 79

Instructions on what herbicides to use for control of various lawn weeds and how to use them. Illustrations of some of the lawn weeds that are most widespread or difficult to identify are included.

FARMERS' BULLETINS

Waterweed control on farms and ranches. (F 2181.) 22 p. 15c.

Describes the various types of waterweeds and tells how to control them by fertilization and chemical weed killers.

LEAFLETS

The home chicken flock. (L 497.) 8 p. 5c.

Tells how to start and care for home chicken flocks and describes kinds of houses and equipment needed.

Lygus bugs on cotton . . . how to control them. (L 503.) 8 p. 5c.

Lygus bugs are especially destructive where alfalfa hay and seed crops are produced near cotton fields. This leaflet describes the development and habits of the bugs and gives instructions on controlling them with insecticidal dusts and sprays.

Tuberculosis in livestock—cattle, poultry, swine. (L 505.) [8] p. 5c.

Discusses the cause and treatment of tuberculosis in livestock and gives specific information about susceptibility, spread, development, and symptoms of the disease in cattle, swine, and poultry.

HOME AND GARDEN BULLETINS

Controlling lawn weeds with herbicides. (G 79.) 16 p. 10c. See Bulletin of the Month.

AGRICULTURE HANDBOOKS

Present and potential commercial timbers of the Caribbean with special reference to the West Indies, the Guianas, and British Honduras. (AH 207.) 167 p. \$1.00. **FOR SALE ONLY.**

A summary of information on 71 important timbers of the Caribbean area. Descriptions of the timbers include mechanical and working properties, durability, uses, and location of supply.

Lettuce and its production. (AH 221.) 49 p. 25c.

Describes important lettuce varieties and recommends cultural practices throughout the stages of production.

The trefoils—adaptation and culture. (AH 223.) 16 p. 15c.

Lists varieties and adaptation of three species of trefoil presently grown in the United States. Tells how to establish satisfactory stands and gives culture of this legume that is

used for permanent pasture, hay, or silage.

Pegs for rural progress—rural areas development handbook. (AH 229.) [20]p.

Describes those activities of Federal agencies that relate to the Rural Areas Development Program. It lists the type of financial and technical assistance that government agencies offer and gives local, State and nongovernmental sources for credit and technical aid to rural areas.

AGRICULTURE INFORMATION BULLETINS

Wheat in the Eastern United States. (AB 250.) 28 p. 25c.

Describes wheat varieties suitable for growing in different areas in the East and discusses suitable production methods and practices. Diseases and insects and their control are also discussed.

Stubble mulching in the Northwest. (AB 253.) 28 p. 25c.

This bulletin describes the machinery and the sequence and methods of operation that have been found best for stubble-mulch farming in the Pacific Northwest wheat areas. Directed primarily toward solution of erosion problems in that area.

Cotton quality relationships between selected measures of quality and fiber, yarn, and processing properties—multiple statistical relationships, 1946-1960. (AB 257.) 137 p. \$1.00. **FOR SALE ONLY.**

As an aid toward the establishment of cotton standards gives an explanation regarding the source of data and methods of test and analysis.

Cotton quality relationships between selected measures of quality and fiber, yarn, and processing properties—simple correlations, means, and standard deviations, 1946-1960. (Suppl, AB 257.) 248 p. \$1.50. **FOR SALE ONLY.**

Gives detailed statistical values, supplementing the above publication.

Annual cotton quality survey: Summary of results of fiber and processing tests from selected production areas, crop of 1961. (AB 258.) 98 p. 50c.

One of a series of annual reports containing information on fiber characteristics and spinning performance of cotton from all major commercial production areas of the United States.

HOME ECONOMICS RESEARCH REPORTS

Job-related expenditures and management practices of gainfully employed wives in four Georgia cities. (HERR 15.) 40 p. 25c.

A study of the relationship of employed wives' earnings to employment-related expenses, and how certain management practices of employed wives may differ from those of the nonemployed.

The metabolic response of young women to a standardized diet. (HERR 16.) 45 p.

Findings of a nutritional study on the dietary requirements of human beings.

MARKETING BULLETINS

Preparing fresh tomatoes for market. (MB 19.) [14]p. 10c.

Instructions on how and when to pick the fruit, the containers to use, and information on packing house equipment and operations.

MARKETING RESEARCH REPORTS

Operating grain aeration systems in the Southwest. (MRR 512.) 20 p.

Bruising injury of tomatoes. (MRR 513.) 31 p.

Alternaria rot following chilling injury of acorn squashes. (MRR 518.) 19 p.

Power expenses of cotton gins by types of power—Arkansas, Oklahoma, and Texas. (MRR 520.) 47 p.

Predicting quality of stored cottonseed oils. (MRR 523.) 56 p.
